Studies

IT/ Arts at Montgomery County Community College

College

07/2005 - 12/2005

I very briefly attended my local community college, but was disappointed in the selection of curriculums the courses offered. I completed a few credit hours before deciding I wasn't finding what I needed. Insecure financial reasons for not pursuing

a degree through financial aids.

IT / Networking at The Woodlands High School

Highschool

08/2000 - 05/2003

Attended a Cisco CCNA course through my junior and senior years here. I developed most of my love for technology at this school.
