## Experience

### **Global Data Analyst (Real Estate) at Bloomberg LP**

Financial Services, >200 employees

**06/2009 - present**

As a member of the Bloomberg Real Estate team, I help create new products that leverage Bloomberg's dominance in the financial data sphere to assist real estate professionals in making informed investment decisions.

### **Global Data Intern at Bloomberg LP**

Financial Services, >200 employees

**06/2008 - 08/2008**

- Conducted research (energy & industrials sectors) on socially responsible investing (SRI) and assisted in development of new SRI function for Bloomberg Terminal; authored thorough reports on each sector
- Organized project involving uploading corporate responsibility reports (worldwide indices) to Terminal to provide immediate SRI information to clients while more in-depth function was still in-development
- Constructed a \$800,000 Bloomberg Tradable Wind Index branded for Vestas Wind Systems (the market leader in wind power) based upon client's requests and Bloomberg's research (<http://www.bloomberg.com/apps/quote?ticker=BWIND:IND>)
- Worked with 5 interns to rebuild the Bloomberg bond covenants function; added valuable quantitative data to function to allow investors to research and understand bond covenants more clearly
- Performed weekly index ticker maintenance on the Bloomberg Terminal

### **Intern at Scottrade**

Financial Services, >200 employees

**01/2007 - 12/2007**

- Provided customer service for all aspects of Scottrade account maintenance (traditional, IRA, custodial, corporate, and investment club accounts)
- Assisted customers with stock pricing issues
- Provided security quotes and security information
- Processed new account paperwork
- Contacted banks and transfer agents for customer information verification and approval
- Received check and stock deposits and account transfers

---

## Skills

- Bloomberg Terminal, Certified in Equities and Fixed Income
  - ScottradeELITE, Proficient with popular day-trading software
  - Highly proficient in Microsoft Excel, Word, and PowerPoint (2007 and earlier versions), Macromedia Dreamweaver, HTML, expert computer troubleshooting with Microsoft Windows (95, 98, 2000, XP, Vista, 7)
  - Intermediate experience with Linux/Unix environments
- 

## Studies

### **Business Administration (BS, Finance Concentration) at The College of New Jersey**

College

**08/2005 - 05/2009**

- Member of the School of Business Student Investment Fund - a board of 15 students that collectively managed the School of Business' endowment worth nearly \$200,000 by investing in various equity and fixed income securities
- Served as a Senator of Business for two years, acting as a liaison between the School of Business faculty and TCNJ business students
- Campaigned actively and wrote the request for proposal for the installation of a DVD vending machine to provide students a solution to rent popular movies without leaving TCNJ's campus
